## OVERVIEW

## School Details

Grades: 9-12
Enrollment (Choice) : 185
Percent Choice : 23.7\%

Notre Dame Academy uses the STAR 360 suite of tests, administered to students grades 9-11 three times a year. STAR reading and math tests are nationally normed and aligned with the ACT. STAR scores are used with attendance and course enrollment to monitor student achievement, growth and college and career readiness. A link to NDA's report card can be found here: https://www.notredameacademy.com

## Student Groups

## Score Summary

Due to the COVID-19 pandemic, please use caution when interpreting scores and ratings. Careful review of the detailed data on all pages is encouraged. Also, see https://dpi.wi.gov/accountability/resources.

## Report Cards without Scores

Some schools, because of size or grade range, do not have enough data to receive a score. Public schools with insufficient data participate in an alternate accountability process. Private schools with insufficient data are not rated.

## ON-TRACK TO GRADUATION

## ACHIEVEMENT

This priority area summarizes how this school's students performed on state assessments using a points-based proficiency system that gives partial credit for Basic test performance and extra credit for Advanced performance. The score is a multi-year average of English language arts and mathematics subscores.

## Priority Area Score

English Language Arts Score: NA

This is the distribution of scores for 9-12 schools in the state.

## Student Group Achievement, 2020-21 (for information only)

Group size is given in parentheses. Groups with fewer than 20 students are not displayed.

## ENGLISH LANGUAGE ARTS

## Performance Levels by Year

These graphs show school-wide percentages and group sizes of students performing at each level.

## GROWTH

This priority area measures year-to-year student progress on statewide tests. It uses a value-added model that seeks to control for circumstances beyond the influence of educators. A high value-added score means that on average students in the school are progressing more quickly than other, similar students. Growth is scored from 0 to 100 to match the other priority areas and is a conversion from the roughly 0 to 6 value-added score.

## Priority Area Score

English Language Arts Score: NA

This is the distribution of scores for 9-12 schools in the state.

Mathematics Score: NA

## Student Group Value-Added (for information only)

Value-added scores cover an approximately 0-6 range. Higher scores mean greater positive impact. A score of 3.0 is average. Group size is shown in parentheses. Groups with fewer than 20 students are not displayed. Shaded boxes indicate higher-than-average scores.

## ENGLISH LANGUAGE ARTS

NO DATA TO DISPLAY

## TARGET GROUP OUTCOMES

This priority area examines outcomes for students with the lowest test scores - the Target Group. It is designed to promote equity by helping schools focus on learners who need the most support while also improving outcomes for all students. The priority area score combines component scores for achievement, growth, chronic absenteeism, and attendance or graduation rate. Data are not displayed when target groups have fewer than 20 students.

## Priority Area Score

This is the distribution of scores for 9-12 schools in the state.

## Component Scores

## ACHIEVEMENT

Average points-based proficiency rates.

## English Language Arts

## CHRONIC ABSENTEEISM

Score: NA
Score is 1 minus actual chronic absenteeism rate - the percentage of students who missed more than $10 \%$ of school days - so a higher score is better.
